

EC Certificate

EC Certificate of Factory Production Control

Certificate No. 0086 - CPD - 469071

In compliance with the Directive 89/106/EEC of the Council of European Communities of 21 December 1988 on the approximation of laws, regulations and administrative provisions of the Member States relating to construction products (Construction Products Directive – CPD), as amended by the Directive 93/68/EEC of the Council of European Communities of 22 July 1993, it has been stated that the construction products

Admixtures

characterised as

Water reducing/plasticizing admixtures, high range water reducing/ super plasticizing admixtures, air entraining admixtures, hardening accelerating admixtures, set retarding admixtures, water resisting admixtures, set retarding/ high range water reducing/ super plasticizing admixtures, admixtures for prestressing tendons, admixtures for masonry mortars

intended for use in the preparation of concrete, mortar and grout

and produced by

BASF Construction Chemicals UK Ltd,

Albany House, Swinton Hall Road, Swinton, Manchester, M27 4DT

manufactured in the factory located at

Albany House, Swinton Hall Road, Swinton, Manchester, M27 4DT

is submitted by the manufacturer to initial type testing of the products and factory production control, and that the approved body BSI has performed the initial inspection of the factory and of the factory production control and performs the continuous surveillance, assessment and approval of factory production control. This certificate attests that all provisions concerning the attestation of factory production control described in Annex ZA of the harmonised European Standards EN 934-2, EN 934-3 and EN 934-4 and in accordance with the procedures given in EN 934-6 were applied.

For and on behalf of the British Standards Institution, a Notified Body for the above Directive. Notified Body Number 0086.

Alastair Trivett, Managing Director, BSI Product Services – Global
Date 03 July 2007

This certificate first issued 12 November 2002

This certificate remains valid as long as the conditions laid down in the harmonised technical specification in reference or the manufacturing conditions in the factory or the factory production control itself are not modified significantly.
